

The call for EDGE Fellowship applications is **NOW OPEN**

We are only reviewing applications from Asia & Pacific region islands in 2021

One of the most effective ways ZSL's EDGE of Existence programme (www.edgeofexistence.org) is working to secure the future of EDGE species is by awarding two-year Fellowships to future conservation leaders ("EDGE Fellows") working on poorly-known EDGE species.

What do EDGE Fellows receive?

EDGE Fellows follow a comprehensive two-year training programme comprising of:

- ▽ **A grant of up to £10,000** to undertake a 2-year project on a priority EDGE species
- ▽ **A 4-week Conservation Tools training course** held in the tropics
- ▽ **Ongoing technical support and mentoring** from ZSL biologists
- ▽ **A 2-week Conservation Leadership training course** in London

Am I eligible?

You may be eligible for an EDGE Fellowship if you:

- ▽ Focus your work on an **EDGE species** included on the **2021 curated list**
- ▽ Are an **early-career conservation biologist or wildlife manager** (less than 10 years' experience)
- ▽ Are a **resident of the country** in which the proposed focal species occurs

The EDGE Fellowship application deadline is 23:59 (BST) 18th July 2021

Successful applicants will be announced by the end of September 2021.
