Dear colleagues!

The Federal Research Center for Integrated Studies of the Arctic – FRC ISArctic (*which is currently having been formed on the basis of the Arkhangelsk Scientific Center of the Ural branch of the Russian Academy of Sciences*) hereby announces the outset for registration to the **Second international scientific conference «NATURAL RESOURCES and INTEGRATED DEVELOPMENT of COASTAL AREAS in the ARCTIC ZONE»** (Conference), which is to be held on **27–29 September, 2016 in Arkhangelsk**.

The conference is arranged as a venue for collaboration and discussion between researchers, public authorities, businessman and stakeholders involved into implementation of tasks and objectives of the Russian Arctic policy. Conference is aimed at elaboration of research-based practical measures and instruments for realization of human, natural and transport-logistical potential of the Arctic zone, including development of the Northern Sea Route and implementation of models of integrated coastal areas management.

Conference organizers are: Federal Agency for Scientific Organizations, Russian Academy of Sciences (RAS), Government of Arkhangelsk region, Ural branch of the RAS (UB RAS), FRC ISArctic and International Arctic Science Committee. Conference chairpersons: member of Presidium of the RAS academician Nikolay LAVEROV and governor of Arkhangelsk region Igor ORLOV.

The Conference agenda in 2016 will cover the following issues:

- *Northern Sea Route and development of economic potential of coastal areas in the Arctic;*
- *Technologies and methods of the Arctic research;*
- *Eco-systems and infrastructures under industrial development and climate change impacts;*
- *ethno-social and socio-cultural processes, indigenous population' and international cooperation in the Arctic;*
- *integrated management and governance in the Arctic.*

The Conference will be followed by traditional **Scientific school for young researchers** for students, post-graduates and young researchers (up to 35 years old).

PRELIMINARY CONFERENCE SCHEDULE

26.09.2016 (Monday)	Arrival of participants.
27–28.09.2016 (Tuesday – Wednesday)	Plenary session. Panels and round-tables.
29–30.09.2016 (Thursday – Friday)	Departure of participants.

The Conference and Scientific School languages – Russian and English.

For confirmation of your participation please send your notification and the filled Registration Form (attached).

Conference fee is USD 55,00 (EUR 45,00). The fee is to be paid only via bank transfer. The Conference fee includes visa support and hotel reservation. Conference fee is not applicable for the Scientific school participants.

Registration is open until **31 May, 2016.**

For detailed information and registration please contact:

tel./ fax (+78182) 211420/ 215765; public@arhsc.ru

Looking forward for your participation in the Conference and further fruitful cooperation!

Best regards,
on behalf of the Conference organizing committee
chairman of the Arkhangelsk Scientific Center
Doctor of Sciences (Economy), professor

Vladimir Pavlenko
