THIS MONTH'S FEATURES

[Welcome our new Council Co-Chairs for the 2012-2013 APECS term](#)

We are happy to announce the APECS 2012-2013 Council Co-Chairs Sanna Majaneva and Christie Wood! They have shown excellence in their previous efforts with APECS and we are looking forward to seeing what great things this Council will do together in this term. To find out more information about our great new team you can check out their bios ...

[Comment now on the International Polar Initiative](#)

FROM THE PRESIDENT

[Fantastic Developments in APECS](#)

As we begin the new term of APECS leadership, we have already had a great deal of positive developments within our organization! Our new ExCom has already met with the Council and we discussed how to move forward with our Research Activities Committee, the National Committees, and working groups. ...

[Read more](#)

[About The Executive Committee](#)

 IPI_screen To address the emerging challenges identified within the IPY, a new and novel framework for long-term cooperation between the stakeholders with mandate and interest in the Polar Regions, entitled the "International Polar Initiative" (IPI), has been proposed. An International Steering Group ([which an APECS members sits on](#)) is currently developing the concept for this long-term initiative. ...

[ART-APECS Workshop - Shaping the future of Arctic Research](#)

 art-apecs2012 On October 23-26, 65 early career and senior Arctic researchers met in Sopot, Poland for the ART-APECS Science Workshop entitled "Overcoming challenges of observation to model integration in marine ecosystem response to sea ice transitions." ...

[Read more](#)

[APECS Panel during the Polar Ecology Conference in Ceske Budejovice, Czech...](#)

 dsc_0065 For all of you who wanted to participate in this event but couldn't, and for all who would like to learn some tips and tricks about how to be a smart early career scientist, we present a short summary below.

[Read more](#)

FROM THE DIRECTOR

[ARCTOS NETWORK – meet APECS neighbor in Norway](#)

 arctos-logo ARCTOS is an international Arctic marine research network. Established in 2002, ARCTOS was the initiative from scientists at the University of Tromsø, the Norwegian Polar Institute, the University Centre on Svalbard (UNIS) and Akvaplan-niva. Later, researchers from the Institute of Marine Research and University of Nordland have joined, as well as scientists in several other institutions in Norway and other countries.
